- Smooth, luxurious finish
- Easy to clean, for beauty that lasts a lifetime
- Will not mold or mildew
- Panels and accessories to fit most applications
- Mix and match colors available
- Lifetime warranty

Overview

Shower and Tub Walls

You'll find that all of our walls have been designed to fit the most popular sizes and styles of today's showers and tubs, and can be customized to fit those with unique dimensions.

Finish Trim

Designed to fit along the top of the wall panels and down the outer sides to the floor, this optional feature provides a more decorative look.

Corner Coves

These moldings are used to hide the corner joints, providing a clean and attractive appearance. These are included in the purchase of any of our Shower Wall or Tub Surround packages.

Shelving Accessories

There are five shelving designs you can choose, ranging from a simple single corner shelf to a double wall shelf. These are optional features you can add to any wall package.

Shower Pans

Our shower pans come in eight designs to fit today's popular styles and sizes.

Transolid Shower and Tub walls and pans are made from a two-step molding process of solid surface material and a polymer-based substrate allowing them to be lightweight for easy shipping, handling and installing.
